

Take Away Homework!

Choose your homework from the height of the Parthenon below:

The height of the Parthenon suggests the difficulty or challenge the homework may offer
(the closer to the floor, the easier the task)

This half term you must attempt one task from the list. We expect high quality work which shows research, thought and care with presentation. Please bring your work back to school on **Wednesday 18th December 2024**.

Design, create and evaluate your very own labyrinth. STEM	Design an invention that could help to protect an animal's habitat. Science	Design and create a model of the Parthenon. D&T
Create a spreadsheet filled with data all about Ancient Greece. Computing	See if you can use your understanding of numbers to compare and contrast the population of Ancient Greece and modern day Greece. Show your findings in a graph. Maths	Create a piece of Ancient Greek artwork in whatever form you choose - paints, collage, print, drawing, anything! Art
Write your own Greek myth in the style of a recount. English	Research some famous Ancient Greek landmarks and create a fact file about them. Geography	Choose a Greek God or Goddess and write a biography about them. English
Hold your very own Olympic games with family and friends and take lots of pictures to show us! PE	Create a Greek mosaic. D&T	Free choice! Choose anything you have been learning about in class, research it in more depth and present it in a form of your choice.
